Hospitals

This product can be used successfully in various applications in different fields:

- Recessed lighting
- Indoor lighting

TECHNICAL SPECIFICATIONS

Casing material	Aluminiu eloxat
Light diffuser	PMMA
Casing color	Standard: GREY
Total power	2W / modul 250mm
Driver	External
COD PRODUS	LI-015

DESCRIPTION

- These LED bars are modular with a multiplier of 250mm up to a maximum size of 2000mm. Due to their modern design, reduced size and the long life of the LEDs, they are practically maintenance-free.
- These modern LED bars are suitable for indoor lighting and can be embedded into walls, floors, railings or even furniture.
- Designed and manufactured in Romania

PHOTOMETRIC CHARACTERISTICS

- The transparent disperser has an efficiency of 97% and matte has an efficiency of 70%.
- Luminous flux: 800lm / m linear

OPERATING ENVIRONMENT

- The ingress protection rating is IP 40.
- Rated operating temperature from -20 °C up to +40 °C.

TECHNICAL SPECIFICATIONS

- The housing is made of anodised aluminum
- The dispenser is made of transparent or matte Plexiglas

ELECTRICAL CHARACTERISTICS

- Power supply: 12VDC
- Power: 8W / m linear

DIMENSIONAL CHARACTERISTICS

These luminaires are available in 250 mm segments
