APPLICATION

Offices Schools Hospitals

This product can be used successfully in various applications in different fields:

- Safety lighting

Technical specifications

Casing material	Anodized aluminum
Light diffuser	Clear polycarbonate
Casing color	Standard: WHITE
Number of LEDs	4
COD PRODUS	LS-009

Description

- This product doesn't contain an emergency kit.
- The lettering of the diffuser may be different depending on customer requirements.
- Designed and manufactured in Romania

Technical specifications

- Casing is made of powder coated aluminium.
- It can be mounted on any flat surface vertical or horizontal that can allow embedding
- The diffuser is made of 3 mm thick UV protected clear polycarbonate.

Operating environment

- The ingress protection rating is IP 65.
- Rated operating temperature from -20 °C up to +40 °C

Photometric characteristics

-

The product uses 4 high power Osram LEDs.

- The colour used is cool white(5000K).

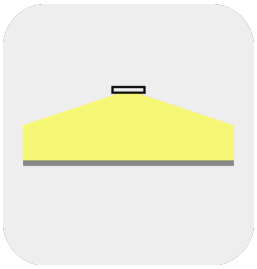
Electrical characteristics

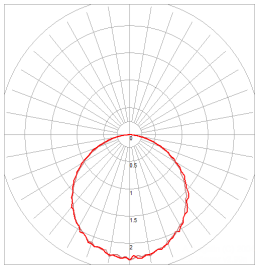
- Standard power supply 230V AC
- Electrical safety class III

Dimensional characteristics

- 300 x 100 x75mm
- Greutate 0,5kg

Focus





Omnidirectional focus (O)
