

Medium intensity

QUASAR-Medium Intensity, Type A

MEDIUM INTENSITY

Obstruction

This product can be used successfully in various applications in different fields:

Obstruction lighting

Casing material	Anodized aluminum
Light diffuser	Clear polycarbonate
Casing color	Standard: AVIATION YELLOW (RAL 1004)
Power supply	Standard: 110-230 V AC 12V, 24V or 48V DC
Light color	ALB
Light intensity	20000cd
Total power	280W
Number of LEDs	60

- The Medium Intensity Type A light fixtures emits pulsating white light and is used to signal obstacles during daylight.
- Designed and manufactured in Romania.

- Light source: High intensity LEDs
- The photometric characteristics are according to ICAO Annex 14, paragraph 6,
 Table 6.3
- The light intensity at 3 ° for white light is 20000 cd

- Rated operating temperature from -20 °C up to +40 °C.
- The ingress protection rating is IP 65.
- The impact protection rating is IK 10.

- The casing is made of powder coated aluminium.
- The diffuser is made of clear polycarbonate.
- Mounting is done on flat surfaces.

- Power supply 110-230V AC, 50/60Hz
- 12V DC,24V DC or 48V DC
- Max power consumption 280 W

- 303 x 240 mm
- Weight 7kg
